

# HENRY CLAY AND FRELINGHUYSEN.

Our country's flag aloft we raise,  
Our hopes now high are upwards rising;  
In burning words it there displays  
The names of CLAY and FRELINGHUYSEN.

To free our land from folly's sway  
All freemen now with zeal are striving;  
Our foremost champion's HENRY CLAY,  
Our second man is FRELINGHUYSEN.

With Freedom's cry our land is rife,  
In tones which echo round the horizon,  
Her watchwords in the coming strife,  
Are HENRY CLAY and FRELINGHUYSEN.

Ah! Matty's in a horrid way—  
His porridge all is turned to "pizen"—  
For everywhere the people say,  
We go for CLAY and FRELINGHUYSEN!

## LATE FROM HAYTI.

A passenger in the brig Comet arrived at New Orleans from Jamaica on the 28th ult., furnished the editor of the Bee with the following information in regard to the disturbances in the Black Republic:

"It appears that the government of Hayti is singularly unfortunate. Besides the two thousand men killed in an encounter with the Spaniards, three thousand more have gone over to the enemy, leaving the government troops utterly powerless. This is not all. The blacks seem to cherish a most vindictive hatred to the mulattoes, and the latter are persecuted, assassinated, and burnt, wherever they are found. Numbers of them had fled to Jamaica, and when the Comet left, more than 1,200 had already reached that island.

"It is positively affirmed that Riviera Herard has resigned his office as President of the Republic—an office which, under present circumstances, seems altogether above his capacity."

HAVANA.—By the Steamer Alabama, Captain Windle, which arrived on Saturday, we have news from Havana to the 23d instant. The authorities were still busily engaged in ferreting out the authors and abettors of the recent insurrection. The Captain General has been severely blamed for the severity displayed by him in suppressing these revolts, and that the contemplated insurrection was not a partial outbreak, but was to have extended over the whole colony. Already more than 200 ringleaders have been executed, and there are still three or four hundred in prison, who will doubtless have the same fate. Among those implicated are several Englishmen. Six of them were to be hung the day when the Alabama left. The English Consul having claimed their persons, the Captain General replied that he would not have the slightest objections after justice had been done.

Nothing further has transpired relative to the affair, in which an American sailor was killed by one of the sentinels on the shore, acting under the orders of the Corporal.—New Orleans Bee, 28th ultimo.

SANDS'S SARSAPARILLA.—The adversary to man's temporal enjoyments is found in various ways, and under a multiplicity of forms. Sickness and disease have made their devastating inroads, until our mortal frame is prostrate in the earth. In Nature's bounteous storehouse we find a balm for every ill, and if it is used aright, health becomes again established. For derangements of the blood, diseases of the bones, swelling of the glands, cutaneous diseases, effects of mercury on the system, secondary syphilitic symptoms, scrofula or King's evil, hip diseases, and others of a similar nature, Sands's Sarsaparilla stands pre-eminent. This medicine has acquired an enduring fame for its great curative powers, and the proprietors are daily receiving from all sections of our country the most convincing testimonials to its virtues.

## VALUABLE FARM AND WOODLANDS NEAR WASHINGTON CITY FOR SALE.

THIS estate is situated about two and a half miles from the Centre Market, northwest of the Columbian College, adjoining the lands of Dr. Worthington and Messrs. Holmead and Pearce. It contains 300 acres, from 80 to 100 in cultivation, chiefly set in timothy, orchard, grass, and clover, and nearly 200 acres in wood, considerable portions of which are heavily timbered. The uncleared lands are of excellent quality, and the cultivated portions have been found to be kind and easily improved; lime, ashes, and plaster, having been abundantly applied by my father, the recent owner, with the finest effect.

By a recent survey, these lands have been divided into the following portions:

Lot 1. Containing about 128 acres, with the improvements, consisting of a dwelling-house, barn, stable, manager's house, negro quarters, and other out-buildings, all erected within the last two years. The dwelling is in the cottage style, having piazzas on three sides, forming a square of 50 feet; it has six rooms on the principal floor, a stone basement, and comfortable attics. The situation is elevated and commands a fine prospect, forming a delightful and retired country residence. There are young and extensive orchards, comprising the choicest varieties of fruit.

Lot 2. Containing about 50 acres. Upon this portion there is a beautiful building site, and excellent stone quarries. It is bounded on the south by the county road leading to Pearce's mill. The soil is good, and admirably adapted to the purpose of market gardening. To each of these lots there is an abundance of wood.

Lot 3. Containing 37 acres 2 roods 35 perches, heavily timbered and rich.

Lot 4. Containing 34 acres 3 roods 16 perches, heavily timbered and rich.

Upon each of these lots there are good building sites overlooking the Washington and Rockville Turnpike. The water is excellent, and a stream runs through the whole tract. From their proximity to the city, and the perfect healthiness of the region, these lands are deemed to be desirable. The title is good, and immediate possession can be given. Terms accommodating.

Mr. KING, the manager, will show the boundaries; and for price, and other particulars, apply to me at Georgetown, D. C.

I am only induced to dispose of this property from a desire to locate myself in one of the States with a view to the practice of my profession.

If not previously sold at private sale, the above will be disposed of at public sale on Monday, May 20, at 4 o'clock, P. M., at the auction rooms of Messrs. Holmead & Wright, Pennsylvania avenue, Washington.

The plats will be left with Messrs. Holmead & Wright.

RICHARD W. REDIN.

# TWENTY-EIGHTH CONGRESS, FIRST SESSION.

MONDAY, MAY 6, 1844.

## SENATE.

A message in writing was received from the President.

The following memorials was presented and properly referred:

Mr. SEMPLER, a petition in favor of the occupation of Oregon.

Mr. BARROW, a petition from Jas. S. Bell, asking that he may be allowed to enter a certain tract of land.

Also, a memorial from members of the bar of Louisiana, praying that the western district of that State may be abolished and entire jurisdiction given to the 1st judicial district.

Messrs. MOREHEAD, HUNTINGTON, and PHELPS, severally presented memorials from Ohio, Connecticut, and Vermont, remonstrating against any change in the existing Tariff. The latter gentleman observed, that it seemed the people would not be at rest until this subject was finally acted upon.

Mr. EVANS, a memorial from Maine, against the annexation of Texas.

Mr. BAYARD, from thirty citizens of Wilmington, Delaware, asking the Senate to ratify the treaty with Texas.

Mr. JOHNSON, from the Grand Gulf Railroad Company of Louisiana, praying for a remission of duties on railroad iron.

Mr. STURGEON, resolutions of the Legislature of Pennsylvania in reference to Fort Penn. The Senate then passed to the General Orders, and directed the engrossment of the following bills, viz:

A bill to apply certain alternate sections of land for the completion of works of internal improvement in Michigan.

A bill to grant lands in Indiana, for the completion of the Wabash and Erie Canal.

An act for the relief of the heirs of Capt. Samuel Shannon.

A bill for the relief of George Harrison and his sureties.

A bill for the continuation of the Cumberland road in the States of Ohio, Indiana, and Illinois, was taken up.

The bill appropriates \$400,000—\$100,000 to Ohio, and \$150,000 each to Indiana and Illinois.

Mr. ATHERTON asked for the yeas and nays, and the same were called.

The bill was ordered to be engrossed by the following vote, viz:

YEAS.—Messrs. Allen, Atchison, Barrow, Bates, Bayard, Benton, Breese, Choate, Crittenden, Fulton, Hannegan, Jarnagin, Johnson, Merrick, Morehead, Porter, Semple, Sevier, Simmons, Sturgeon, Tappan, White, and Woodbridge—23.

NAYS.—Messrs. Archer, Atherton, Bagby, Berrien, Clayton, Evans, Fairfield, Haywood, McDuffie, Mangum, Phelps, and Woodbury—12.

An act further to regulate the pay of the Navy (providing for indemnity from losses by shipment) was taken up and discussed for some time on an amendment proposed by Mr. CHOATE, to increase the amount allowed to the crew and petty officers. The bill, without final action, was laid aside; and the Senate passed into Executive session.

## HOUSE OF REPRESENTATIVES.

As soon as the Journal had been read, Mr. ADAMS rose to correct the record of a communication from the Department of State, which is in answer to a resolution of the House of the 26th of February last, inquiring whether any gross errors had been discovered in the last census.

The Journal states that the answer is, that no such gross errors have been discovered. Mr. A. moved to strike out this assertion, and declared, most emphatically, that notorious, palpable, and undeniable errors had been proved in the statistics concerning the number of free blacks who were paupers, insane, in the house of correction, &c., &c.

The reading of the letter of the Secretary of State was called for, but it was thought, at first, to have been sent to the printing office; subsequently it was found, and read.

The letter states that the errata found in the census document, after it had been printed, by the Department, were contained in an appendix to the same, and since then no investigation had been made, and no gross or material errors had been discovered in the printed copy.

Mr. C. J. INGERSOLL said that the Journal was made up correctly, it appeared, in giving a true transcript of the Secretary's letter. Whether the fact was as the Secretary states, is another question.

Mr. HOLMES hoped the motion to amend, on the mere ipse dixit of the gentleman from Massachusetts, would not prevail. If the fact was as stated by the gentleman, let it be proved by a proper investigation the part of the House.

Mr. WELLER, after a few remarks, moved the previous question, which was seconded, and the question on Mr. A.'s motion was taken by yeas and nays, and it was lost by yeas 23, nays 126.

Mr. McKAY moved to suspend the rules, for the purpose of considering in Committee of the Whole the Tariff bill; but at the request of Mr. SAUNDERS, of N. C., the motion was withdrawn, to allow a report from the select committee of investigation in the case of Messrs. Rathbun and White.

The committee have examined thirty-four witnesses in reference to the rencontre that occurred between those gentlemen, and have made a report of the material facts in the case. The report was read. With regard to the members of the House, the committee believe that the whole occurrence arose from a misunderstanding of Mr. White's remarks, and there they leave it. In the case of Mr. S. Moore, who fired the pistol and wounded a police officer, the committee have examined sixteen witnesses. The testimony of these witnesses form the basis of a resolution that the said Moore be handed over to the civil authorities. They say that there is no power in the House to punish for a contempt except by imprisonment during the session, as was decided by the Supreme Court in the case of Anderson vs. Dunn.

Mr. SAUNDERS moved the previous question upon the resolution, which was seconded by 76 to 58, and the resolution was adopted by a vote of 117 to 54.

Mr. PETTIT moved to reconsider this vote. He had voted with the majority solely for this purpose. He denied the constitutional authority of the House to deal as it had done with Mr. Moore; they were ready, in a moment of fury

the other day, to burn that gentleman at the stake.

[Mr. SAUNDERS interposed to say that the committee had done no more than to conform with the decision of the Supreme Court.]

Mr. PETTIT said that he did not always heed the decision of the Supreme Court; the same court had decided in favor of the constitutionality of the Alien and Sedition law. He denied the power of the House to punish any man, as had been done with Mr. Moore, without a hearing.

The motion to reconsider was rejected.

With regard to the report, Mr. WHITE begged that the motion to lay it on the table might be withdrawn. He considered that great injustice had been done him in the report, inasmuch as it did not state the fact, which was testified to by all the witnesses, that the remark he made which gave offence was made in a low tone of voice.

The motion was withdrawn.

Mr. CAVE JOHNSON made some remarks reflecting severely upon the occurrence, and was replied to by Mr. WHITE, who commented upon the passage at words which took place between this gentleman and Mr. Holmes, of S. C.

After some discussion of a scattering sort, Mr. WHITE moved a recommitment of the report, with instructions to the committee to state the fact he had referred to.

Mr. SAUNDERS was willing the report should be recommitted, but without any instructions.

Mr. BELSER submitted a resolution censuring Messrs. White and Rathbun.

Mr. HALE moved to amend by adding a resolution of censure against Mr. WHITE; and, after some remarks upon the previous motion of the offence of charging falsehood to a member, &c., magnanimously moved the heinous nature. At the request of several around him, Mr. HALE withdrew the previous question, and moved the postponement of the subject until Thursday next.

Mr. DICKINSON asked where the gentleman's indignity was when the scene occurred between Messrs. Weller and Stewart, in which the lie was repeatedly given?

[Mr. HALE said he was in New Hampshire at that time.]

Why, then, said Mr. DICKINSON, did he not move in the matter immediately upon his return—especially as he was also absent upon the latter occasion.

A motion was made by Mr. HUNT, of New York, to lay the whole subject on the table; but, at the particular request of Mr. WHITE, the motion was withdrawn.

A motion was made that the report and testimony be printed.

Mr. SCHENCK remarked upon the injustice of printing the report, which was avowedly partial and inconclusive, and asked for the division of the question, which was done; the report, however, was ordered to be printed by a vote of 102 to 58, and the whole subject was postponed until Thursday week.

[NOTE.—The above record is necessarily imperfect, for so many motions were made and withdrawn that we did not keep an account of them.]

At 4 o'clock, the House passed into Committee of the Whole.—Mr. HOPKINS in the Chair.

Mr. DUNCAN made an electioneering harangue in his usual style. As soon as he concluded, the House adjourned.

GAMBLING.—A meeting will be held at the Medical College this evening, for the purpose of forming an anti-Gambling Society in this city. A FORTUNE FOR THE SEEKER.

"Take thou no usury of him, or increase; but fear thy God: that thy brother may live with thee."

Lev. ch. xxv., v. 37.

WHAT a deranged state the Faculty is in—and from the fact that Quacks have attempted to take the ascendancy—from their assurance and truly mortifying impudence in opening places for the entertainment and reception (or, rather, deception), in an order superior to that of a genuine Professor, or one who is conscious of his skill and superiority in the profession? The seeming sign is so well calculated to deceive the numerous visitors to the District, that it has become the imperious duty of the regular Professors to caution the public against these impostors; for it is distressing beyond all forbearance to those who really understand the art of the profession, to behold the havoc that these quacks make upon a head of hair. They cut and cut, (for what, nobody knows,) until they make the head as shapeless as a wooden block. Quacks, beware! you have had the sway long enough. P. CARTER DUNLOP has returned, and is himself again; and if he fails not in his deep design, "thou shalt not live."

N. B.—P. CARTER DUNLOP, the well-known Professor and Physiognomical Hair Dresser, will operate this summer at Piney Point. Come one and all, and again witness his unknown magical touch. may7-eo3t

## LOCAL NEWS.

THE MAY BALL.—The Annual Ball at Carusi's Saloon will take place this evening, when, as on all former occasions, there will be a full attendance of the youth and beauty of the metropolis. We understand that every necessary arrangement has been made to add to the enjoyment of the occasion.

FAIR.—The Ladies of the Second Presbyterian Church are now holding a Fair for the sale of useful and fancy articles at Concert Hall. We shall take occasion to speak of this Fair hereafter.

The lovers of good music are referred to the Programme in to-day's paper of a Musical Soiree to be given at the Apollo Hall this evening. Dempster's touching ballad, "The Irish Emigrant's Lament," is alone worth twice the charge for admission.

ALEXANDRIA CANAL.—We are sorry to say that another breach happened in this work early yesterday morning, which will prevent its use for a week or ten days to come. The damage occurred nearly opposite the upper end of Mason's island, and seems to have been caused, as we judged by a passing inspection, by the passage of a stream of water, from a neighboring hill, under the canal. Would it not be better, in such places, to make the bed of the canal impervious, by constructing it of alternate layers of clay and lime?

MUSICAL SOIREE.—The ladies of the Methodist Protestant Fair, at Apollo Hall, respectfully inform their friends and the public that, through the kind aid of the well-known vocalist, Mr. DUFFIELD, and Professor HEWITT and SCHEEL, a Benefit Concert will be given this (Tuesday) evening, May 7, to commence at 8 o'clock.
